

Town Administrator Report 6.9.2021

Town Hall Rental

I've been corresponding with a member of the Streetcar Company, they are looking for a space to have a small production and they think the OTH is what they are looking for that fits with the era of the play they are hoping to put on. I went with Mr. Fredette to view the OTH yesterday to talk about logistics. He had some follow-up questions about the rental costs and use of the space.

Open-Air Permit

The Dulac Land Trust has submitted their application for gatherings on their land for dates through the summer. The permit has been reviewed by Police, Fire, Health Inspector, Planning and they are looking for Selectboard approval. Their application is attached.

- Follow-up to the Open-Air Permit, I spoke with the Police, Fire and Health Inspector and they all agreed that the permit is beneficial to knowing what is going on in town and to make sure all resources are aware of potential issues regardless of the fees associated with the permit. I would recommend that we keep the permitting process allowing the BOS to wave the fees associated with the permit for educational institutions, religious services/activities and Town of Sanbornton events.

Raffle Permit

Attached is a raffle permit form – if there are no changes, I would recommend the Board approve the use of the form for groups looking to sell raffle tickets in town.

Speedbump Removal Petition

The Board received a petition to remove the speedbumps on Bayshore and Broadview Drive in Sanbornton, it is attached. Alternatively, another neighbor sent an email expressing the need to keep the speedbumps. Both are attached.

Johnson Road Complaints

Please see the emails and complaints filed from abutters of the gravel pit.

Metal Detecting Request

Mr. Wirkkala is seeking permission to metal detect in the field behind OTH and the Library. He sent an email with his request and it is attached.

Old Home Day Request

The Old Home Day committee has submitted an amended request for funding; Justin's letter is attached.

STD/LTD Discussion

The quotes from NEEBCo are attached for Life/AD&D with LTD and STD.
