### **Before & After School Program:**

Elliott reported that the program is full and there are 10 people on the waitlist. Before Care has the most numbers for the program and Elliott is hoping that Seavey will start working mornings to help with the large numbers. Lots of Kindergarteners this year due to full time kindergarten being offered. A parent of a Kindergartener brought it to our attention that during Kindergarten Evaluations/Registrations a paper is filled out by parents that asks how the student will be going home after school. After Care is on the list but there is no additional information, so a few parents assume the program is a part of the school and that they are automatically registered if they check the box. Elliott will talk to the office staff at the school about changing their form to include that there is a registration process before they can attend. Pelissier offered to create a brochure or some handout with additional information during those two events.

### **Swim Lessons:**

Pelissier reported there was a total of 50 children signed up out of 63 spots. Revenue brought in was \$2,010 and NHSwim was paid \$4,800. Pelissier shared an email that was received from a parent about how wonderful the instructors were and how much her children enjoyed the lessons. Pelissier shared the email with Karen, who is the NHSwim director.

### **Adult Potluck:**

Next potluck is on Wednesday the 20<sup>th</sup> and Lori Raymond from ServiceLink will be joining to discuss Medicare Open Enrollment. She will review coverage and help with any changes. Lori also has many tips on ways to save money on prescriptions for people as well. Next month, Brooke Noonan from Granite State VNA, will join and bring a fun Tic Tac Sleep interactive game.
